

Firefox Mac : configuration du Proxy Cime

The screenshot shows the Firefox Mac preferences window. The 'Réseau' (Network) tab is selected and circled in red. The 'Paramètres...' (Settings...) button is also circled in red. Below, the 'Configuration du serveur proxy pour accéder à Internet' dialog is shown with the 'Pas de proxy' (No proxy) option selected and circled in red. A red arrow points from a callout box 'Usage hors de l'école' to this option. The 'Adresse de configuration automatique du proxy' field contains 'ftp://proxy.cime.org/proxy.pac'. A red arrow points from a callout box 'Usage dans l'école' to this field. At the bottom, a callout box contains the URL 'ftp://proxy.cime.org/proxy.pac' with a red arrow pointing to the text field.

Firefox PC : configuration du Proxy Cime

The screenshot shows the Firefox PC Options dialog. The 'Réseau' (Network) tab is selected and circled in red. The 'Paramètres...' (Settings...) button is also circled in red. Below, the 'Paramètres de connexion' (Connection Settings) dialog is shown with the 'Pas de proxy' (No proxy) option selected and circled in red. A red arrow points from a callout box 'Usage hors de l'école' to this option. The 'Adresse de configuration automatique du proxy' field contains 'ftp://proxy.cime.org/proxy.pac'. A red arrow points from a callout box 'Usage dans l'école' to this field. At the bottom, a callout box contains the URL 'ftp://proxy.cime.org/proxy.pac' with a red arrow pointing to the text field.
